August 8, 2013

WASHINGTON — The United States Mint will begin accepting orders for the 2013 Presidential \$1 Four-Coin Sets on August 15 at noon Eastern Time (ET). The set contains circulating quality coins featuring the portraits of Presidents William McKinley, Theodore Roosevelt, William Howard Taft, and Woodrow Wilson. The coins have never been entered into circulation.

The Presidential \$1 Four-Coin Sets are available with coins from the United States Mint facilities at Philadelphia or Denver (product codes DE6 and DE7, respectively). The packaging allows the coins to be removed easily and placed into albums or other coin collecting tools.

The 2013 Presidential \$1 Four-Coin Sets are priced at \$12.95. Orders will be accepted at the United States Mint's online catalog at <http://www.usmint.gov/catalog> and at 1-800-USA-MINT (872-6468). Hearing- and speech-impaired customers may order by calling 1-888-321-MINT (6468).

Please note: The United States Mint is offering free standard shipping and reducing the cost of "expedited" shipping by \$4.95 on all domestic Web site orders placed during the period of July 26 at 9 a.m. ET through September 30, 2013, at 5 p.m. ET. Free standard shipping during this period applies only to orders placed on the Web site catalog that would normally carry the standard \$4.95 or expedited \$12.95 (+ \$4.95) shipping fee. (Customers will still be charged \$12.95 for expedited shipping.)

Collectors may also purchase the 2013 Presidential \$1 Four-Coin Sets through the bureau's Online Subscription Program. Details about this convenient ordering method are available at <http://www.usmint.gov/catalog>.

Presidential \$1 Coins feature large, dramatic artwork and edge-incused inscriptions that include the year, the mint mark, and *E PLURIBUS UNUM*. The obverse (heads) design displays the name and likeness of the honored President, his term in office, the order in which he served, and the inscription *IN GOD WE TRUST*. The common reverse (tails) design found on each Presidential \$1 Coin features a striking rendition of the Statue of Liberty.

The United States Mint was created by Congress in 1792 and became part of the Department of the Treasury in 1873. It is the Nation's sole manufacturer of legal tender coinage and is responsible for producing circulating coinage for the Nation to conduct its trade and commerce. The United States Mint also produces numismatic products, including proof, uncirculated, and commemorative coins; Congressional Gold Medals; and silver and gold bullion coins. The United States Mint's numismatic programs are self-sustaining and operate at no cost to the taxpayer.
